Progress towards the Sustainable Development Goals

Report of the Secretary-General

Supplementary Information

Summary

The following information is supplementary to the Report of the Secretary-General: Progress towards the Sustainable Development Goals (E/2020/57). It contains the Statistical Annex of global and regional data for the global indicators for the Sustainable Development Goals and targets, adopted by the Statistical Commission at its forty-eighth session in March 2017, by the United Nations Economic and Social Council in June 2017 and the General Assembly in July 2017. The official indicator list includes the global indicator framework as contained in A/RES/71/313, the refinements agreed by the Statistical Commission at its 49th session in March 2018 (E/CN.3/2018/2, Annex II) and 50th session in March 2019 (E/CN.3/2019/2, Annex II), and the changes from the 2020 Comprehensive Review (E/CN.3/2020/2, Annex II) and annual refinements (E/CN.3/2020/2, Annex III) from the 51st session in March 2020. The indicators presented in the Annex are those for which data are available. This Statistical Annex is available electronically in English at the following website: <unstats.un.org/sdgs/>.

Explanatory notes

Composition of regions

Except where indicated, regional groupings are based on United Nations geographical regions, with some modifications necessary to create, to the extent possible, homogeneous groups of countries for analysis and presentation. The information about the regional groupings used for the Sustainable Development Goals Progress Report (E/2020/57) is available at <<https://unstats.un.org/sdgs/indicators/regional-groups/>>.

There is no established convention for the designation of "developed" and "developing" countries or areas in the United Nations system. Where shown, the expression "developed regions" comprises Japan in Asia, Canada and the United States in northern America, Australia and New Zealand in Oceania, and Europe – including Israel and Cyprus. For monitoring indicators related to "developing countries," in general, data for all countries located in "developing regions" are being aggregated.

Methodological notes

The concepts and definitions, method of computation and other reference metadata of each indicator presented in this document are available at the Global SDG indicators metadata repository at <<https://unstats.un.org/sdgs/metadata/>>.

Symbols and conventions used in the tables

- . A point is used to indicate decimals.
- A hyphen between years, for example, 2010-2015, indicates the full period involved, including the beginning and end years.
- / A slash indicates a financial year, school year, or crop year, for example, 2014/15.
- ... Data are not available or not applicable.
- * Data are provisional, estimated, or include a major revision.

A comma is used as a thousand separator; for example, 1,000 is one thousand. Subtotals and percentages in the tables do not necessarily add to totals because of rounding.

Supplementary Information

Statistical Annex: Global and regional data for Sustainable Development Goal indicators

Goal 1

End poverty in all its forms everywhere

Target 1.1

By 2030, eradicate extreme poverty for all people everywhere, currently measured as people living on less than \$1.25 a day

Indicator 1.1.1

Proportion of the population living below the international poverty line by sex, age, employment status and geographic location (urban/rural)¹

(a) Proportion of population below the international poverty line of US\$1.90 per day, both sexes
(Percentage)

<i>Regions</i>	<i>2005</i>	<i>2010</i>	<i>2015</i>	<i>2018</i>

¹Based on the international poverty line of US\$1.90 per day.

²Refers to persons aged 15 and above.

³Adults refer to persons aged 25 and above; youth refers to persons aged 15 to 24 inclusive.

Target 1.3

Implement nationally appropriate social protection systems and measures for all, including floors, and by 2030 achieve substantial coverage of the poor and the vulnerable

Indicator 1.3.1

Proportion of population covered by social protection floors/systems, by sex, distinguishing children, unemployed persons, older persons, persons with disabilities, pregnant women, newborns, work-injury victims and the poor and the vulnerable

(a) Proportion of population covered by social protection floors/systems, distinguishing children, mothers with newborns, retirees, unemployed persons, persons with disabilities and the vulnerable

(Percentage)

Goal 2

End hunger, achieve food security and improved nutrition and promote sustainable agriculture

Target 2.1

By 2030, end hunger and ensure access by all people, in particular the poor and people in vulnerable situations, including infants, to safe, nutritious and sufficient food all year round

Indicator 2.1.2

Prevalence of moderate or severe food insecurity in the population, based on the Food Insecurity Experience Scale (FIES)

(a) Prevalence of moderate or severe food insecurity in the population

(Percentage)

Target 2.2

By 2030, end all forms of malnutrition, including achieving, by 2025, the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons

Indicator 2.2.1

Prevalence of stunting (height for age <-2 standard deviation from the median of the World Health Organisation (WHO) Child Growth Standards) among children under 5 years of age

Proportion of children under 5 years of age who are stunted (HAZ <-2)¹

(Percentage)

Target 2.5

By 2020, maintain the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly managed and diversified seed and plant banks at the national, regional and international levels, and promote access to and fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge, as internationally agreed

Indicator 2.5.1

Number of plant and animal genetic resources for food and agriculture secured in either medium- or long-term conservation facilities

(a) Number of plant genetic resources for food and agriculture secured in either medium- or long-term conservation facilities

(Number)

¹The Agriculture Orientation Index (AOI) for Government Expenditures is defined as the Agriculture Share of Government Expenditures, divided by the Agriculture Share of GDP, where Agriculture refers to the agriculture, forestry, fishing and hunting sector. An AOI smaller than 1 indicates that the share of Government expenditure devoted to agriculture is smaller than the GDP share of the sector, while an AOI greater than 1 indicates that public expenditure in agriculture is relatively higher than the sector's GDP share.

Note: Combined Budgetary and Central Government Expenditure.

¹ For persons aged 15 and above.

Target 3.6

By 2020, halve the number of global deaths and injuries from road traffic accidents

Indicator 3.6.1

Death rate due to road traffic injuries

Death rate due to road traffic injuries

(Per 100,000 population)

<i>Regions</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2013</i>	<i>2016</i>

Target 3.d

Strengthen the capacity of all countries, in particular developing countries, for early warning, risk reduction and management of national and global health risks

Indicator 3.d.1

International Health Regulations (IHR) capacity and health emergency preparedness

(a) Global average of 13 International Health Regulations (IHR) core capacity scores, by IHR core capacity

(Percentage)

<i>IHR Core Capacity</i>	<i>2010¹</i>	<i>2015¹</i>	<i>2018²</i>	<i>2019²</i>
IHR01: National legislation, policy and financing	58	83
IHR02: Coordination and National Focal Point communications	69	84
IHR03: Surveillance	63	88
IHR04: Response	69	86
IHR05: Preparedness	50	75
IHR06: Risk communication	63	83
IHR07: Human resources	42	66
IHR08: Laboratory	66	84
IHR09: Points of entry	53	64
IHR10: Zoonotic events	69	87
IHR11: Food safety	66	78
IHR12: Chemical events	40	58
IHR13: Radionuclear emergencies	45	60
SPAR01: Legislation and Financing	62	66
SPAR02: IHR Coordination and National IHR Focal Point Functions	67	70
SPAR03: Zoonotic Events and the Human-animal Interface	63	67
SPAR04: Food safety	61	64
SPAR05: Laboratory	70	72
SPAR06: Surveillance	72	73
SPAR07: Human resources	63	63
SPAR08: National Health Emergency Framework	59	62
SPAR09: Health Service Provision	60	63
SPAR10: Risk Communication	57	60
SPAR11: Points of entry	52	56
SPAR12: Chemical events	50	54
SPAR13: Radiation emergencies	52	55

¹ Reporting countries varies and may not be the same each year. For the 2010-2017 period, the score used 1st version of the IHR monitoring questionnaire with percentage of attributes of the following 13 core capacities : (1) National legislation, policy and financing; (2) Coordination and National Focal Point communications; (3) Surveillance; (4) Response; (5) Preparedness; (6) Risk communication; (7) Human resources; (8) Laboratory; (9) Points of entry; (10) Zoonotic events; (11) Food safety; (12) Chemical events; (13) Radionuclear emergencies.

² Reporting countries varies and may not be the same each year. From year 2018 onward the scores used new version of the questionnaire – the IHR State Party Self-Assessment Annual Reporting (SPAR) Tool – with percentage of attributes of the following 13 core capacities: (1) Legislation and financing; (2) IHR Coordination and National Focal Point Functions; (3) Zoonotic events and the Human-Animal Health Interface; (4) Food safety; (5) Laboratory; (6) Surveillance; (7) Human resources; (8) National Health Emergency Framework; (9) Health Service Provision; (10) Risk communication; (11) Points of entry; (12) Chemical events; (13) Radiation emergencies.

Goal 4

Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Target 4.2

By 2030, ensure that all girls and boys have access to quality early childhood development, care and pre-primary education so that they are ready for primary education

Indicator 4.2.1

Proportion of children aged 24-59 months who are developmentally on track in health, learning and psychosocial well-being, by sex

Proportion of children aged 36-59 months who are developmentally on track in at least three of the following domains: literacy-numeracy, physical development, social-emotional development and learning¹
(Percentage)

<i>Regions</i>	<i>2019</i>
World ² (74 countries, 30 per cent population coverage)	72.0
Sub-Saharan Africa (25 countries, 59 per cent population coverage)	61.7
Western Asia (7 countries, 55 per cent population coverage)	75.7
South-Eastern Asia (6 countries, 68 per cent population coverage)	87.8
Small island developing States (15 countries, 68 per cent population coverage)	76.3

¹The number of countries with comparable survey data included in the regional aggregations and regional population coverage of children aged 36-59 months are presented in parentheses.

²The figure represents less than 50 per cent of the global population, and thus should be interpreted with caution.

Note: Based on the Demographic and Health Surveys (DHS), Multiple Indicator Cluster Surveys (MICS) and other national surveys conducted in the 2011-2019 period.

Source: United Nations Children's Fund (UNICEF) global databases, 2020.

Indicator 4.2.2

Participation rate in organized learning (one year before the official primary entry age), by sex

(a) Adjusted net enrolment rate, one year before the official primary entry age, both sexes

(Percentage)

Target 4.a

Build and upgrade education facilities that are child, disability and gender sensitive and provide safe, non-violent, inclusive and effective learning environments for all

Indicator 4.a.1

Proportion of schools offering basic services, by type of service

(a) Proportion of schools with access to electricity, by education level

(Percentage)

Target 4.b

By 2020, substantially expand globally the number of scholarships available to developing countries, in particular least developed countries, small island developing States and African countries, for enrolment in higher education, including vocational training and information and communications technology, technical, engineering and scientific programmes, in developed countries and other developing countries

Indicator 4.b.1

Volume of official development assistance flows for scholarships by sector and type of study

Volume of official development assistance (gross disbursements) for scholarships

(Millions of constant 2018 United States dollars)

<i>Regions</i>	<i>2006</i>	<i>2010</i>	<i>2015</i>	<i>2018</i>
Total ODA	441.9	1,299.4	1,257.5	1,632.1

Goal 5

Achieve gender equality and empower all women and girls

Target 5.1

End all forms of discrimination against all women and girls everywhere

Indicator 5.1.1

Whether or not legal frameworks are in place to promote, enforce and monitor equality and non-discrimination on the basis of sex

Legal frameworks that promote, enforce and monitor gender equality

(Percentage)

<i>Regions</i>	<i>Area 1: Overarching legal frameworks and public life</i>	<i>Area 2: Violence against women</i>	<i>Area 3: Employment and economic benefits</i>	<i>Area 4: Marriage and family</i>
World	67.8	73.9	71.3	76.4

Note: (1) Data are derived from an assessment of the country's legal frameworks completed by National Statistical Offices and/or National Women's Machinery, and legal practitioners/researchers on gender equality, using a questionnaire. (2) The score for each area of law (a number between 0 and 100) represents the percentage of achievement on average for the countries in the sample (unweighted average), per area of law. (3) 53 countries were included in the sample in 2018.

Source: United Nations Entity for Gender Equality and the Empowerment of Women (UN Women), World Bank Group, OECD Development Centre.

Target 5.2

Eliminate all forms of violence against all women and girls in the public and private spheres, including trafficking and sexual and other types of exploitation

Indicator 5.2.1

Proportion of ever-partnered women and girls aged 15 years and older subjected to physical, sexual or psychological violence by a current or former intimate partner in the previous 12 months, by form of violence and by age

Proportion of ever-partnered women and girls aged 15-49 subjected to physical and/or sexual violence by a current or former intimate partner in the previous 12 months

(Percentage)

Europe and Northern America (6 countries and areas)	0

¹The number of countries used to calculate the global and regional values are presented in parentheses. Population coverage is not applicable.

Note: (1) Data are derived from an assessment of country systems to track allocations for gender equality and women's empowerment, based on reporting on three criteria collected through a questionnaire; (2) The proportion represents the percent of reporting countries that fully meet the three criteria for the indicator; (3) Data is collected through the Global Partnership for Effective Development Cooperation.

Goal 6

Ensure availability and sustainable management of water and sanitation for all

Target 6.1

By 2030, achieve universal and equitable access to safe and affordable drinking water for all

Indicator 6.1.1

Proportion of population using safely managed drinking water services

(a) Proportion of population using safely managed drinking water services

(Percentage)

Goal 8

Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Target 8.1

Sustain per capita economic growth in accordance with national circumstances and, in particular, at least 7 per cent gross domestic product growth per annum in the least developed countries

Indicator 8.1.1

Annual growth rate of real GDP per capita

Annual growth rate of real GDP per capita

(Percentage)

Target 8.4

Improve progressively, through 2030, global resource efficiency in consumption and production and endeavour to decouple economic growth from environmental degradation, in accordance with the 10-Year Framework of Programmes on Sustainable Consumption and Production, with developed countries taking the lead

Indicator 8.4.1

Material footprint, material footprint per capita, and material footprint per GDP¹

(a) Material footprint

(Millions of tonnes)

<i>Regions</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2015</i>	<i>2017</i>
World	53,826.4	64,573.2	76,532.8	87,435.2	91,973.9

Source: Environment Live database, United Nations Environment Programme (UNEP); Global Material Flows Database, International Resource Panel.

(b) Material footprint per capita

(Tonnes per capita)

<i>Regions</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2015</i>	<i>2017</i>
World	8.8	9.9	11.0	11.8	12.2

Source: Environment Live database, United Nations Environment Programme (UNEP); Global Material Flows Database, International Resource Panel.

(c) Material footprint per unit of GDP

(Kilograms per unit of constant 2010 United States dollars)

<i>Regions</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2015</i>	<i>2017</i>
World	1.08	1.12	1.16	1.16	1.16

¹Material footprint (MF) is the attribution of global material extraction to final domestic demand of a country. It is calculated as the raw material equivalent of imports plus domestic extraction minus raw material equivalents of exports.

Indicator 8.4.2**Domestic material consumption, domestic material consumption per capita, and domestic material consumption per GDP****(a) Domestic material consumption**

(Millions of tonnes)

¹ Unemployment rate is calculated as the number of unemployed persons expressed as a percentage of the labour force, where unemployed persons are those who, during the short reference period, were not in employment, were available and seeking employment.

² Statistics on the labour force status of individuals disaggregated by their disability status are not available at the global and regional levels at this stage.

³ Data refer to persons aged 15 and above.

⁴ Adults refer to persons aged 25 and above; youth refers to persons aged 15 to 24 inclusive.

Target 8.6

By 2020, substantially reduce the proportion of youth not in employment, education or training

Indicator 8.6.1

Proportion of youth (aged 15-24 years) not in education, employment or training

(a) Proportion of youth (aged 15-24 years) not in education, employment or training, both sexes

(Percentage)

Target 8.8

Protect labour rights and promote safe and secure working environments for all workers, including migrant workers, in particular women migrants, and those in precarious employment

Indicator 8.8.2

Level of national compliance with labour rights (freedom of association and collective bargaining) based on International Labour Organization (ILO) textual sources and national legislation, by sex and migrant status

Level of national compliance with labour rights (freedom of association and collective bargaining) based on International Labour Organization (ILO) textual sources and national legislation

(Percentage)

<i>Regions</i>	<i>2015</i>	<i>2016</i>	<i>2017</i>

¹Countries excluded from the global aggregate are: Afghanistan, Angola, Azerbaijan, Bahrain, Brazil, Brunei Darussalam, Burundi, Cameroon, Central African Republic, Chad, China, Congo, Cook Islands, Eritrea, Ethiopia, Gabon, Guinea, Guinea-Bissau, India, Iran (Islamic Republic of), Jordan, Kenya, Kyrgyzstan, Lao People's Democratic Republic, Lebanon, Malaysia, Marshall Islands, Morocco, Myanmar, Nepal, New Zealand, Oman, Palau, Qatar, Republic of Korea, Russian Federation, Rwanda, Saudi Arabia, Singapore, Somalia, South Sudan, Sudan, Tajikistan, Thailand, Tonga, Tuvalu, United Arab Emirates, United States of America, Uzbekistan, Viet Nam, and Yemen.

²Countries excluded from the regional aggregate for Sub-Saharan Africa are: Angola, Burundi, Cameroon, Central African Republic, Chad, Congo, Eritrea, Ethiopia, Gabon, Guinea, Guinea-Bissau, Kenya, Rwanda, Somalia, and South Sudan.

³Countries excluded from the regional aggregate for Northern Africa and Western Asia are: Azerbaijan, Bahrain, Jordan, Lebanon, Morocco, Oman, Qatar, Saudi Arabia, Sudan, United Arab Emirates, and Yemen.

⁴Countries excluded from the regional aggregate for Central and Southern Asia are: Afghanistan, India, Iran (Islamic Republic of), Kyrgyzstan, Nepal, Tajikistan, and Uzbekistan.

⁵Countries excluded from the regional aggregate for Eastern and South-Eastern Asia are: Brunei Darussalam, China, Lao People's Democratic Republic, Malaysia, Myanmar, Republic of Korea, Singapore, Thailand, and Viet Nam.

⁶Brazil is excluded from the regional aggregate for Latin America and the Caribbean.

⁷Countries excluded from the regional aggregate for Oceania are: Cook Islands, Marshall Islands, New Zealand, Palau, Tonga and Tuvalu.

⁸Countries excluded from the regional aggregate for Europe and Northern America are: Russian Federation and United States of America.

Note: (1) Global and regional aggregates refer to the average of countries that have ratified both ILO Convention nos. 87 and 98 weighted by the labour force, based on ILO modeled estimates. These aggregates exclude non-ratifying countries as well as some countries without reliable information available. Thus they should be interpreted with caution. (2) SDG indicator 8.8.2 seeks to measure the level of national compliance with fundamental labour rights (freedom of association and collective bargaining). It is based on six International Labour Organization (ILO) supervisory body textual sources and also on national legislation. National law is not enacted for the purpose of generating a statistical indicator of compliance with fundamental rights, nor were any of the ILO textual sources created for this purpose. Indicator 8.8.2 is compiled from these sources, and its use does not constitute a waiver of the respective ILO Constituents' divergent points of view on the sources' conclusions. (3) SDG indicator 8.8.2 is not intended as a tool to compare compliance among ILO member States. It should specifically be noted that reporting obligations of an ILO member State to the ILO's supervisory system and thus ILO textual sources are different for ratifying and non-ratifying ILO member States.

Latin America and the Caribbean	50.3	48.6	7.9
Australia and New Zealand	82.8	81.9	10.6
Europe and Northern America	75.2	71.7	31.7

Note: Based on 2019 data from 610 cities constituting 28 in Australia and New Zealand, 94 in Central Asia and Southern Asia, 102 in Eastern Asia and South-eastern Asia, 63 in Latin America and the Caribbean, 97 in Northern America and Europe, 85 in Sub-Saharan Africa, and 141 in Western Asia and Northern Africa.

Source: United Nations Human Settlements Programme (UN-Habitat).

Target 11.3

By 2030, enhance inclusive and sustainable urbanization and capacity for participatory, integrated and sustainable human settlement planning and management in all countries

Indicator 11.3.1

Ratio of land consumption rate to population growth rate

Built-up area per capita

(Square meters)

<i>Regions</i>	<i>1990</i>	<i>2000</i>	<i>2015</i>
Sub-Saharan Africa	181.0	178.4	160.2
Northern Africa and Western Asia	98.6	121.3	126.5
Central and Southern Asia	78.5	92.4	110.3
Eastern and South-Eastern Asia	333.8	320.5	287.7
Latin America and the Caribbean	108.8	117.5	133.2
Australia and New Zealand	419.1	456.7	472.6
Europe and Northern America	190.7	237.9	289.1

Note: Based on data from 755 cities constituting 28 in Australia and New Zealand, 94 in Central Asia and Southern Asia, 102 in Eastern Asia and South-eastern Asia, 184 in Latin America and the Caribbean, 97 in Northern America and Europe, 109 in Sub-Saharan Africa, and 141 in Western Asia and Northern Africa.

Source: United Nations Human Settlements Programme (UN-Habitat).

Target 11.6

By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management

Indicator 11.6.1

Proportion of municipal solid waste collected and managed in controlled facilities out of total municipal waste generated, by cities

Municipal Solid Waste collection coverage

(Percentage)

<i>Regions</i>	<i>2017</i>	<i>2018</i>
World	74.2	78.6
Sub-Saharan Africa	43.4	42.2
Northern Africa and Western Asia	73.5	77.2
Central and Southern Asia	66.7	74.7

<i>Regions</i>	<i>2017</i>	<i>2018</i>
Eastern and South-Eastern Asia	72.0	73.2
Latin America and the Caribbean	80.4	78.2
Oceania (exc. Australia and New Zealand)	...	60.5
Australia and New Zealand	94.0	99.0
Europe and Northern America	89.6	95.1

Note: Municipal Solid Waste (MSW) collection coverage is defined as the amount of MSW collected as a proportion of total MSW generated.

Source: United Nations Human Settlements Programme (UN-Habitat).

Indicator 11.6.2

Annual mean levels of fine particulate matter (e.g., PM2.5 and PM10) in cities (population weighted)

Mean annual concentration of fine suspended particles with a diameter of 2.5 microns or less (PM2.5)
(Micrograms per cubic meter)

<i>Regions</i>	<i>2010</i>	<i>2016</i>
World	30.5	31.2
Sub-Saharan Africa	35.8	39.3
Northern Africa and Western Asia	42.4	43.5
Central and Southern Asia	60.5	68.3
Eastern and South-Eastern Asia	37.1	35.9
Latin America and the Caribbean	18.5	16.2
Oceania (exc. Australia and New Zealand)	9.1	9.9
Australia and New Zealand	7.5	7.2
Europe and Northern America	12.8	10.2

Source: Global Health Observatory (GHO), World Health Organisation (WHO).

Target 11.7

By 2030, provide universal access to safe, inclusive and accessible, green and public spaces, in particular for women and children, older persons and persons with disabilities

Indicator 11.7.1

Average share of the built-up area of cities that is open space for public use for all, by sex, age and persons with disabilities

Proportion of population within 400m walking distance to open public spaces¹
(Percentage)

<i>Regions</i>	<i>2019</i>
World	46.7
Sub-Saharan Africa	29.7
Northern Africa and Western Asia	44.8
Central and Southern Asia	33.3
Eastern and South-Eastern Asia	26.8
Latin America and the Caribbean	56.5
Australia and New Zealand	78.0
Europe and Northern America	57.6

¹Based on data from 610 cities constituting 28 in Australia and New Zealand, 94 in Central Asia and Southern Asia, 102 in Eastern Asia and South-eastern Asia, 63 in Latin America and the Caribbean, 97 in Northern America and Europe, 85 in Sub-Saharan Africa,

and 141 in Western Asia and Northern Africa

Goal 12

Ensure sustainable consumption and production patterns

Target 12.1

Implement the 10-Year Framework of Programmes on Sustainable Consumption and Production Patterns, all countries taking action, with developed countries taking the lead, taking into account the development and capabilities of developing countries

Indicator 12.1.1

Number of countries developing, adopting or implementing policy instruments aimed at supporting the shift to sustainable consumption and production

(a) Countries with sustainable consumption and production (SCP) national action plans or SCP mainstreamed as a priority or target into national policies

(Number)

<i>Regions</i>	<i>2019</i>
World	79
Sub-Saharan Africa	15
Northern Africa and Western Asia	9
Central and Southern Asia	6
Eastern and South-Eastern Asia	8
Latin America and the Caribbean	17
Europe and Northern America	24

Target 12.2

By 2030, achieve the sustainable management and efficient use of natural resources

Indicator 12.2.1

Material footprint, material footprint per capita, and material footprint per GDP¹

(a) Material footprint

(Millions of tonnes)

<i>Regions</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2015</i>	<i>2017</i>
World	53,826.4	64,573.2	76,532.8	87,435.2	91,973.9

Target 12.3

By 2030, halve per capita global food waste at the retail and consumer levels and reduce food losses along production and supply chains, including post-harvest losses

Indicator 12.3.1

(a) Food loss index and (b) food waste index

Food loss percentage

(Percentage)

<i>Regions</i>	<i>2016</i>
World	13.8
Sub-Saharan Africa	14
Northern Africa and Western Asia	10.8
Central and Southern Asia	20.7
Eastern and South-Eastern Asia	7.8
Latin America and the Caribbean	11.6
Australia and New Zealand	5.8
Oceania (exc. Australia and New Zealand)	8.9
Europe and Northern America	15.7

Source: Food and Agriculture Organisation of the United Nations (FAO).

Target 12.4

By 2020, achieve the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment

Indicator 12.4.1

Number of parties to international multilateral environmental agreements on hazardous waste, and other chemicals that meet their commitments and obligations in transmitting information as required by each relevant agreement

Compliance rate for the Multilateral Environmental Agreements (MEAs)

(Percentage)

Target 12.4

Rationalize inefficient fossil-fuel subsidies that encourage wasteful consumption by removing market distortions, in accordance with national circumstances, including by restructuring taxation and phasing out those harmful subsidies, where they exist, to reflect their environmental impacts, taking fully into account the specific needs and conditions of developing countries and minimizing the possible adverse impacts on their development in a manner that protects the poor and the affected communities

Indicator 12.4.2

(a) Hazardous waste generated per capita; and (b) proportion of hazardous waste treated, by type of treatment

(a.1) Electronic waste generated per capita

(Kilograms)

Target 12.c

Rationalize inefficient fossil-fuel subsidies that encourage wasteful consumption by removing market distortions, in accordance with national circumstances, including by restructuring taxation and phasing out those harmful subsidies, where they exist, to reflect their environmental impacts, taking fully into account the specific needs and conditions of developing countries and minimizing the possible adverse impacts on their development in a manner that protects the poor and the affected communities

Indicator 12.c.1

Amount of fossil-fuel subsidies per unit of GDP (production and consumption)

(a) Fossil-fuel pre-tax subsidies as a proportion of GDP (production and consumption)
(Percentage)

<i>Regions</i>	2013	2015	2017

Goal 13

Take urgent action to combat climate change and its impacts

Target 13.1

Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters in all countries

Indicator 13.1.2

Number of countries that adopt and implement national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015–2030

Number of countries that reported having a National DRR Strategy which is aligned to the Sendai Framework to a certain extent

(Number)

<i>Regions</i>	<i>2015 - 2019</i>

Goal 14

Conserve and sustainably use the oceans, seas and marine resources for sustainable development

Target 14.4

By 2020, effectively regulate harvesting and end overfishing, illegal, unreported and unregulated fishing and destructive fishing practices and implement science-based management plans, in order to restore fish stocks in the shortest time feasible, at least to levels that can produce maximum sustainable yield as determined by their biological characteristics

Indicator 14.4.1

Proportion of fish stocks within biologically sustainable levels

Proportion of fish stocks within biologically sustainable levels¹

(Percentage)

	2000	2006	2009	2013	2015	2017
World	72.8	72.4	69.6	68.0	66.7	65.8

Atlantic, Western Central	60.3	61.4
Indian Ocean, Eastern	73.1	68.6
Indian Ocean, Western	66.7	68.3
Mediterranean and Black Sea	37.8	37.5
Pacific, Eastern Central	86.7	86.7
Pacific, Northeast	85.7	83.9
Pacific, Northwest	82.7	65.4
Pacific, Southeast	38.5	45.5
Pacific, Southwest	74.1	84.6
Pacific, Western Central	82.6	77.6

¹Within biologically sustainable levels means that the abundance of world fish stock is at or higher than the level that can produce the maximum sustainable yield.

Source: Food and Agriculture Organisation of the United Nations (FAO).

Target 14.5

By 2020, conserve at least 10 per cent of coastal and marine areas, consistent with national and international law and based on the best available scientific information

Indicator 14.5.1

Coverage of protected areas in relation to marine areas

(a) Coverage of protected areas in relation to marine areas (Exclusive Economic Zones)¹

(Percentage)

Regions	2000	2005	2010	2015	2019
World	2.26	3.19	7.68	12.50	16.96
Sub-Saharan Africa	1.29	1.34	8.72	12.32	12.84

¹Based on the spatial overlap between polygons for [Key Biodiversity Areas from the World Database of Key Biodiversity Areas](#) and polygons for [protected areas from the World Database on Protected Areas](#).

Note: Figures for each region are calculated as the proportion of each Key Biodiversity Area covered by protected areas, averaged (i. e. calculated as the mean) across all Key Biodiversity Areas within the region.

Source: United Nations Environment Programme's World Conservation Monitoring Centre (UNEP-WCMC) in collaboration with BirdLife International, International Union for Conservation of Nature (IUCN).

Target 14.6

By 2020, prohibit certain forms of fisheries subsidies which contribute to overcapacity and overfishing, eliminate subsidies that contribute to illegal, unreported and unregulated fishing and refrain from introducing new such subsidies, recognizing that appropriate and effective special and differential treatment for developing and least developed countries should be an integral part of the World Trade Organization fisheries subsidies negotiation

Indicator 14.6.1

Degree of implementation of international instruments aiming to combat illegal, unreported and unregulated fishing

Progress by regions in the degree of implementation of international instruments aiming to combat illegal, unreported and unregulated fishing

(Levels of implementation¹)

Goal 15

Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

Target 15.1

By 2020, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and drylands, in line with obligations under international agreements

Indicator 15.1.1

Forest area as a proportion of total land area

Forest area as a proportion of total land area

(Percentage)

¹The Red List Index for each region represents an index of aggregate survival probability (the inverse of extinction risk) for all birds, mammals, amphibians, corals and cycads occurring within the region, weighted by the fraction of each species' distribution occurring within the region. It shows how adequately species are conserved or not in the region relative to its potential contribution to global species conservation.

²Lower and upper confidence intervals in parentheses.

Source: IUCN Red List Index, International Union for Conservation of Nature (IUCN) in collaboration with BirdLife International.

Target 15.6

Promote fair and equitable sharing of the benefits arising from the utilization of genetic resources and promote appropriate access to such resources, as internationally agreed

Indicator 15.6.1

Number of countries that have adopted legislative, administrative and policy frameworks to ensure fair and equitable sharing of benefits

(a) Number of countries that have legislative, administrative and policy framework or measures reported to the Access and Benefit-Sharing Clearing-House¹

(Number)

<i>Regions</i>	<i>2015 Measures</i>	<i>2018 Measures</i>	<i>2019 Measures</i>

Target 17.2

Developed countries to implement fully their official development assistance commitments, including the commitment by many developed countries to achieve the target of 0.7 per cent of gross national income for official development assistance (ODA/GNI) to developing countries and 0.15 to 0.20 per cent of ODA/GNI to least developed countries; ODA providers are encouraged to consider setting a target to provide at least 0.20 per cent of ODA/GNI to least developed countries

Indicator 17.2.1

Net official development assistance, total and to least developed countries, as a proportion of the Organization for Economic Cooperation and Development (OECD) Development Assistance Committee donors' gross national income (GNI)

Total net official development assistance (ODA) from DAC donors

(Billions of constant 2018 United States dollars)

<i>Regions</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2015</i>	<i>2018</i>	<i>2019</i>
Total net ODA	75.8	122.7	127.9	138.4	150.1	150.2*
Total net ODA to landlocked developing countries	11.6	16.8	23.5	22.9	26.1	...
Total net ODA to least developed countries	19.9	29.3	43.5	39.0	45.9	...
Total net ODA to small island developing states	3.1	3.1	6.6	3.9	4.2	...

*Preliminary data.

Note: The Development Assistance Committee (DAC) of the OECD measures the headline ODA data as of 2018 on a grant equivalent basis. See here for more details: <http://www.oecd.org/dac/financing-sustainable-development/development-finance-standards/officialdevelopmentassistancedefinitionandcoverage.htm>

Target 17.9

Enhance international support for implementing effective and targeted capacity-building in developing countries to support national plans to implement all the Sustainable Development Goals, including through North-South, South-South and triangular cooperation

Indicator 17.9.1

Dollar value of financial and technical assistance (including through North-South, South-South and triangular cooperation) disbursed to developing countries

Total official development assistance (gross disbursements) for technical cooperation

(Millions of constant 2018 United States dollars)

Target 17.12

Realize timely implementation of duty-free and quota-free market access on a lasting basis for all least developed countries, consistent with World Trade Organisation decisions, including by ensuring that preferential rules of origin applicable to imports from least developed countries are transparent and simple, and contribute to facilitating market access

Indicator 17.12.1

Weighted average tariffs faced by developing countries, least developed countries and small island developing States

(a) Average tariff applied by developed countries on key products from developing countries, least developed countries, landlocked developing countries and small island developing States, under the Most-favoured-nation (MFN) status

(Percentage)

Target 17.15

Respect each country's policy space and leadership to establish and implement policies for poverty eradication and sustainable development

Indicator 17.15.1

Extent of use of country-owned results frameworks and planning tools by providers of development cooperation

Extent of use of country-owned results frameworks and planning tools by providers of development cooperation

(Percentage)

	<i>Proportion of objectives drawn from country-led result frameworks</i>		<i>Proportion of results indicators drawn from country-led results frameworks</i>		<i>Proportion of results indicators which will be monitored using government sources and monitoring systems</i>		<i>Use of country-owned results frameworks and planning tools (average)</i>	
	2016	2018	2016	2018	2016	2018	2016	2018
All bilateral providers in LDCs	82	79	51	53	47	42	60	58

Source: Organisation for Economic Co-operation and Development (OECD) and United Nations Development Programme (UNDP).

Target 17.16

Enhance the Global Partnership for Sustainable Development, complemented by multi-stakeholder partnerships that mobilize and share knowledge, expertise, technology and financial resources, to support the achievement of the Sustainable Development Goals in all countries, in particular developing countries

Indicator 17.16.1

Number of countries reporting progress in multi-stakeholder development effectiveness monitoring frameworks that support the achievement of the sustainable development goals

Proportion of countries reporting progress in multi-stakeholder development effectiveness monitoring frameworks that support the achievement of the sustainable development goals

(Percentage)

	<i>Proportion of countries making progress in 2018</i>
Countries <i>providing</i> development cooperation	53 (20 out of 38 countries assessed)
Countries <i>receiving</i> development cooperation	47 (36 out of 76 countries assessed)
Extremely fragile countries <i>receiving</i> development cooperation	42 (5 out of 12 countries assessed)
Other fragile and non-fragile countries <i>receiving</i> development cooperation	48 (31 out of 64 countries assessed)

Note: In 2018, out of the 114 countries providing and/or receiving development co-operation that took part in consecutive multi-stakeholder assessments of progress made towards effective development co-operation, less than half (56) have made overall progress towards strengthening multi-stakeholder partnerships and the means of implementation of the 2030 Agenda.

Target 17.18

By 2020, enhance capacity-building support to developing countries, including for least developed countries and small island developing States, to increase significantly the availability of high-quality, timely and reliable data disaggregated by income, gender, age, race, ethnicity, migratory status, disability, geographic location and other characteristics relevant in national contexts

Indicator 17.18.2

Number of countries that have national statistical legislation that complies with the Fundamental Principles of Official Statistics

Number of countries that have national statistical legislation that complies with the Fundamental Principles of Official Statistics

Target 17.19

By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries

Indicator 17.19.1

Dollar value of all resources made available to strengthen statistical capacity in developing countries

Dollar value of all resources made available to strengthen statistical capacity

(Millions of current United States dollars)

<i>Regions</i>	<i>2017</i>
World	689.7
Sub-Saharan Africa	437.4
Northern Africa and Western Asia	16.1
Northern Africa	2.8
Western Asia	13.3
Central and Southern Asia	14.0
Central Asia	3.7
Southern Asia	10.3
Eastern and South-Eastern Asia	7.1
Eastern Asia	0.5
South-Eastern Asia	6.5
Latin America and the Caribbean	36.3
Oceania	2.2
Australia and New Zealand	0.0
Oceania (exc. Australia and New Zealand)	2.2
Europe and Northern America	33.3
Europe	33.3
Northern America	0.0
Landlocked developing countries	172.4
Least developed countries	362.2
Small island developing States	12.4

Note: Country-specific commitments and unallocated commitments received by all countries within the regions are included in the regional aggregations. Both country-specific commitments and unallocated commitments to multiple countries/regions are included in the global total.
